# OFFENDER DEMOGRAPHICS

# SECURITY LEVELS

- **Level 1A**: The lowest security level in the classification system. Inmates classed as Level 1 have the most privileges allowed.
- **Level 1B**: The second lowest level in the classification system. Level 1B inmates may be housed at a correctional camp with a perimeter fence and may work outside of the fence under intermittent supervision.
- **Level 2**: A security level for inmates who are deemed in need of more supervision than Level 1 inmates, but less than Level 3 inmates.

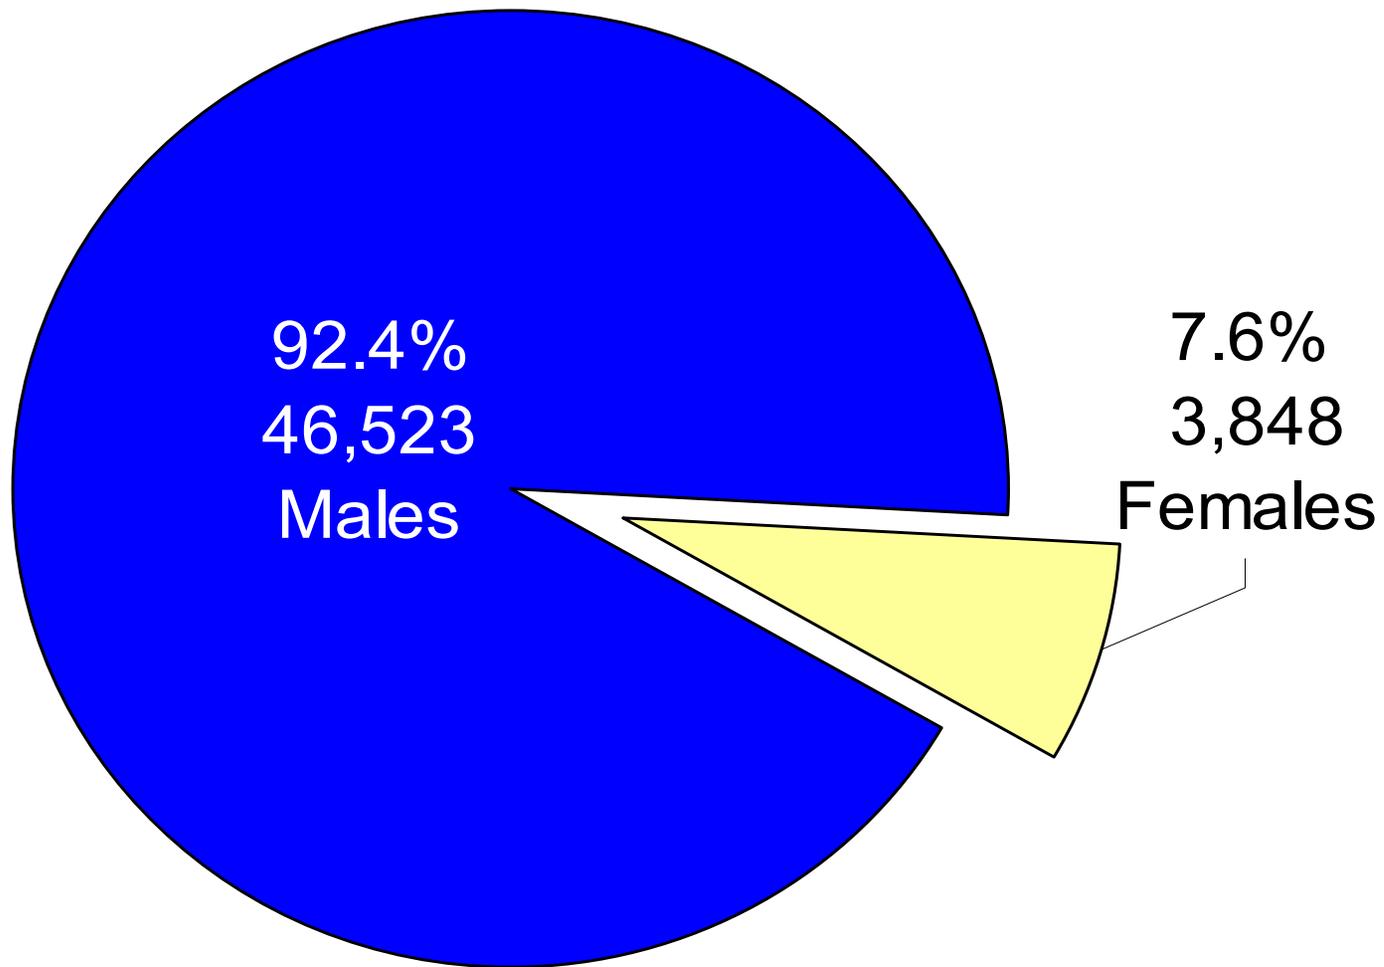

# SECURITY LEVELS

- **Level 3**: This is the security level that is the next degree higher than Level 2, and requires more security/supervision than Level 2, but less than Level 4.
- **Level 4**: This is the security classification for those who are involved in but not leading others to commit violent, disruptive, predatory or riotous actions or pose a threat to the security of the institution.
- **Level 5**: A security level for inmates who commit or lead others to commit violent, disruptive, predatory, riotous actions, or who otherwise pose a serious threat to the security of the institution.

# PRISON NEWS NETWORK

## **MARION CORRECTIONAL INSTITUTION**

*The Pieces of the Puzzle  
Highlight*

- The Prison News Network (PNN) was established in 1992 as a video production department to inform and educate.
- PNN has steadily grown over the years adding Graphics, Audio, Animation, and Web Design Departments.
- The client base includes: other state agencies, schools, churches and non-profit organizations of the community.
- PNN also offers two offender apprenticeship programs: audio operator and program assistant.
- PNN worked with the DRC Communications Office in 2008 to produce the first DRC marketing video.
- Also in 2008, PNN was instrumental in assisting DRC with the website renovation.

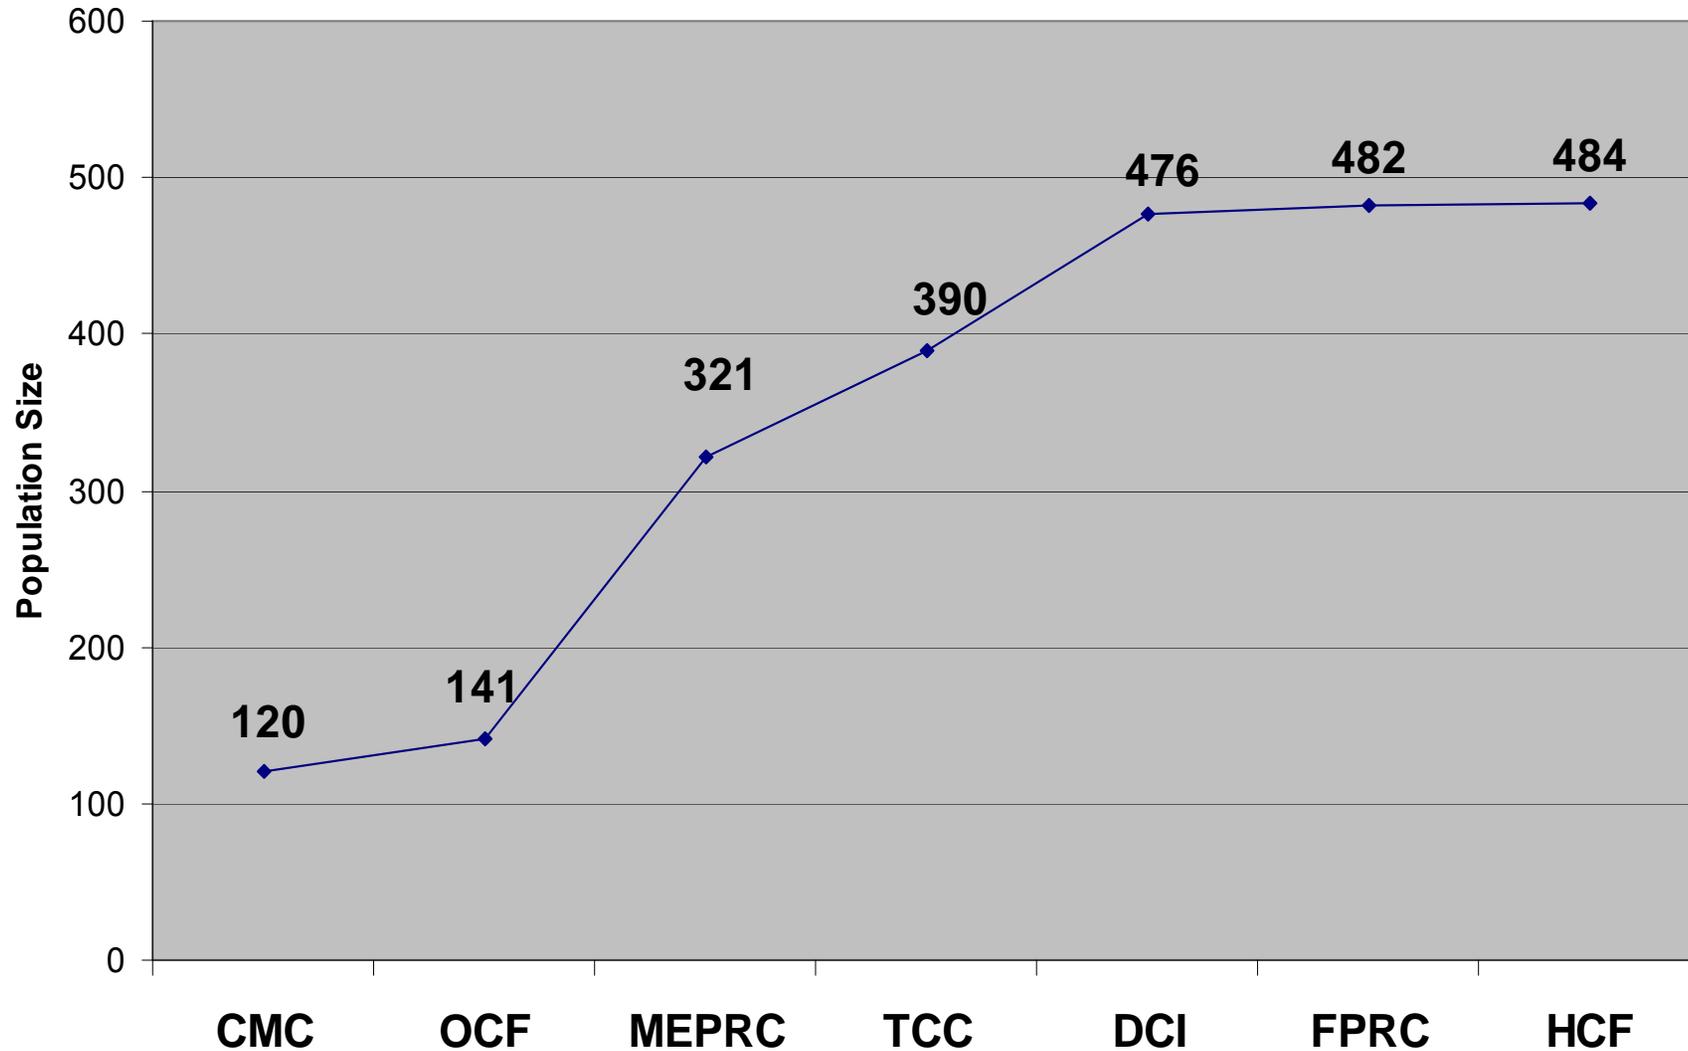

# ALIEN OFFENDERS

- There were 601 Alien Offenders housed in the DRC facilities as of June 30, 2008.
- Nearly 76% of the offenders are from:
  - 45%, Mexico
  - 12% Caribbean Island
  - 11% Central and South America
  - 8% Asia and Australia
- Over 77% of the offenders were convicted of:
  - 36.7%, Drug Related
  - 35.8%, Crimes Against a Person
  - 14.8%, Sex Related

# POPULATION BY PRISON

# POPULATION BY PRISON

**PRISON SIZE: ABOVE 2,001 OFFENDERS – FY 08**

# SHORT-TERM OFFENDER UNITS

*The Pieces of the Puzzle  
Highlight*

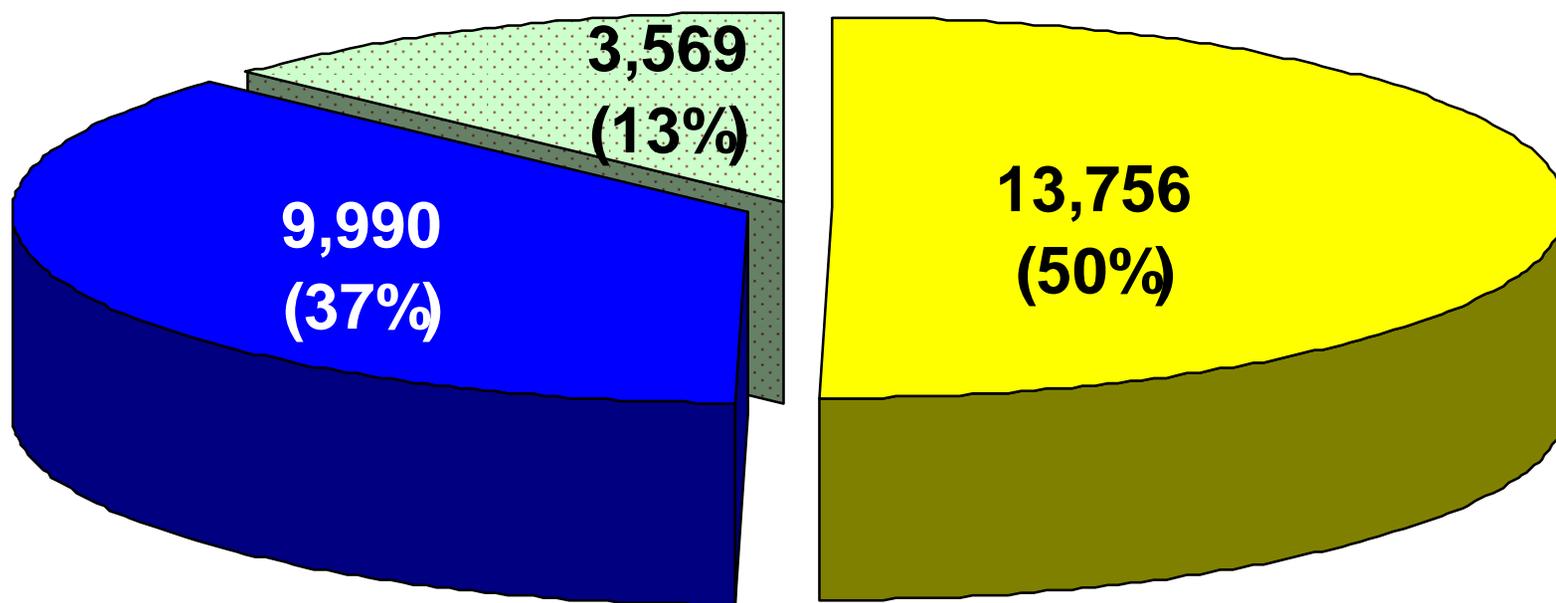

- It is important to DRC to provide offenders serving short sentences with a basic set of core services and programs to facilitate a successful community reentry.
- In April 2007, a short term offender unit was established at each of the 3 reception centers to house offenders serving 90 days or less.
- Additional units will be opened in 11 prisons to house offenders serving 91-365 days. These units will be located at BECI, FPRC, GCI, MANCI, MEPRC, NEPRC, ORW, PCI, RCI, RIC and TCC.
- This housing strategy allows for a concentration of services and programming to be directed at a population who may have otherwise been overlooked due to their short incarceration time.
- Offenders in the units participate in reentry programs and receive services designed to assist in their transition back into the community.

## Vocational Rehabilitation Services for Offenders with Disabilities

*The Pieces of the Puzzle  
Highlight*

- A partnership between DRC and the Ohio Rehabilitation Services Commission (RSC) was formed to share expertise in placing individuals with disabilities into competitive employment.
- RSC counselors evaluate an offender's eligibility for vocational rehabilitation services as prescribed by Federal Vocational Rehabilitation Guidelines prior to release from prison.
- After eligibility has been established, the counselors develop an *Individualized Plan for Employment* and begin coordinating the provision of vocational rehabilitation services during incarceration and after the offender re-enters society.
- To date over 450 offenders have been referred to the RSC Counselor for screening and/or assessment.

*This section provides information about the various measurable activities and services in a prison in the areas of Safety, Security, Quality of Life such as Visiting, Commissary, Discipline, Reentry and other Offender Services.*

*This section provides information about prison safety and security, (e.g., Inmate on Staff and Inmate on Inmate Assaults, Suicides, Disruptive Events, Fights, Cell Extractions, Use of Force, Weapons and Drug Seizures, Escapes and Walkaways, Security Levels 4 & 5 information and Rules Infraction Board (RIB) information).*

# **PRISON SAFETY & SECURITY**

# Carpentry Career Enhancement

**NOBLE CORRECTIONAL INSTITUTION**

*The Pieces of the Puzzle  
Highlight*

- Carpentry Career Enhancement is a vocational education program that is designed for inmates with short term sentences.
- This program is available to inmates with 45 to 365 days left to serve and each Career Enhancement program is five weeks in duration.
- The topics covered in this course include: employability skills, basic tape measure skills, basic print reading, terminology and purpose of wall components, wall layout, wall construction, and a ten hour OSHA safety training.
- Each inmate receives a certificate upon successful completion of the program.

- LeCI's offender CPR program has certified eight (8) offender instructors to teach and certify any general population offender in Adult/Child CPR, to include the use of AED (automatic electronic defibrillator).
- Offenders who complete the CPR certification will carry a card to readily identify them as Basic CPR providers.
- The CPR provider will be able to offer assistance during those situations involving CPR until medical personnel arrives.
- This program will greatly benefit offenders that have cardiac and respiratory concerns.
- The offender certification is valid for three years, and must be renewed prior to expiration.

## COMMUNITY PARTNERS FOR REENTRY

- DRC has partnered with the Reentry Coalition of Northwest Ohio in Toledo, Ohio to identify, mobilize, and train an extensive network of faith-based and community organizations and volunteers to provide offenders with the access to support services.
- ODRC will utilize the Community Partners for Reentry (CPR) model which was proposed by Dr. Byron Johnson of Baylor University in an article titled “Thinking About, the Role of Religion in Crime Prevention, Prisoner Reentry, and Aftercare” (2007).
- CPR extends Dr. Johnson’s model by incorporating transitional services through a network of faith-based and community based organizations and individuals who will assist ex-offenders in their transition to the community.
- The project began July 1st, 2008 and will continue through June 30th, 2009.
