The Ohio Department of Rehabilitation and Correction

ANNUAL REPORT

“WORKING WITH COMMUNITY PARTNERS TO ACHIEVE SUCCESSFUL REINTEGRATION”

John R. Kasich, Governor
Gary C. Mohr, Director
Message from the Director

I am pleased to present you with the Ohio Department of Rehabilitation and Correction’s (DRC) Fiscal Year 2014 Annual Report, a showcase of different initiatives and agency accomplishments achieved in 2014.

Continuing to erase the lines between prisons and the community remains a key priority of this agency, and has become a way of doing our business. This approach is important as we work to reduce crime in Ohio and offender recidivism. Ohio’s already record low recidivism rate has decreased again. The new rate of 27.1 percent betters the previous rate of 28.7 percent, and continues to be well below the national average of 49.7 percent. This achievement is a direct result of the many community partners who understand the importance of giving people a second chance to be successful.

Nearly 2,500 offenders are being served in reintegration units in several prisons across the state. The units are designed to give offenders several hours of meaningful activity each day, including treatment, programming, community service opportunities and job readiness training. These units help to prepare offenders for a successful transition back to the community after their release from prison.

DRC committed to reallocating $10.4 million over the biennium under the Smart Ohio plan, a funding model developed to increase community corrections alternatives to prison. Interested counties were able to choose between three different models: the Probation Service Model, the Treatment Service Model, and the Targeted Diversion Model. All twenty-nine counties who submitted an application were awarded funding. The Smart Ohio plan demonstrates our ongoing commitment and genuine support for the placement of non-violent offenders in evidence-based community alternatives to prison.

This year was our first year of implementing a number of operational changes under the Prison Rape Elimination Act (PREA), the first federal law dealing with the sexual assault of prisoners, and we have made significant progress. As of the end of the Fiscal Year, all six facilities that have been audited were found in 100% compliance, an accomplishment directly attributed to the hard work and determination of our staff.

I am pleased about the accomplishments of our agency during the past 12 months and I look forward to developing additional ways of maintaining Ohio as a national leader in the field of corrections.

Gary C. Mohr,
Director
The Ohio Department of Rehabilitation and Correction

Vision and Mission

Vision Statement
Reduce crime in Ohio

Mission Statement
Reduce recidivism in the lives of those we touch

Offender Recidivism

Ohio Offender Recidivism at Record Low

Ohio’s already record-low recidivism rate has dropped again, according to Gary C. Mohr, Director of the Ohio Department of Rehabilitation and Correction. The new rate of 27.1 percent betters the previous rate of 28.7 percent, and continues to be well below the national average of 49.7 percent.

While some of the reduction in Ohio’s recidivism rate can be attributed to a 2009 court decision that removed nearly 2,500 people from the supervision of the Adult Parole Authority, other factors include the continued use of evidence-based programs, the growth of reintegration units within the prisons, enhanced programs to connect offenders with families and resources while incarcerated, a sophisticated network of community corrections programs and continued work with local communities and reentry coalitions.

Ohio Home to National Warden of the Year

National Warden of the Year

Warden Sheri Duffey of the Southeastern Correctional Complex has been selected by the North American Association of Wardens and Superintendents as the 2014 Warden of Year.

Warden Duffey has been the Warden at the Southeastern Correctional Complex (SCC) since 2009, and during her time at SCC the facility has become a national leader in the pursuit and implementation of green prison initiatives. SCC saves $90,000 each year through a waste management program. The institution’s large-scale recycling center includes a Class II composting site. All items from the facility are taken to this location and sorted, commodities are baled and sold, and organic waste is composted. This process, combined with eliminating the use of trash bags, has reduced trash costs from $95,000 to $5,000 annually. SCC continues to build on these savings, and create opportunities to generate funds. Commodity sales generated $33,714 just in the past six months.
SCC also partners with The Ohio State University Zero Waste Ohio Stadium Project. After each home football game, non-organic materials are transported from the Ohio Stadium to SCC where offenders sort, weigh, and track the waste. For the past two years, this partnership assisted The Ohio State University in achieving the highest waste diversion rate and winning the Game Day Challenge, with the results in 2013 being 98.5% waste diversion.

SCC also recently realized $112,500 in annual savings by installing a smaller load boiler to more efficiently meet its summer needs. Other conservation initiatives at SCC include beekeeping, Roots of Success, community gardens and the most recently developed trout farm. This operation opened in August 2013. Fish are raised and sold to the Columbus Zoo to provide a local food source for the penguins, polar bears and other trout-eating animals, and provides meaningful, hands-on job training for offenders. The establishment of the trout farm received both local and national media attention.

In addition to the many green prison initiatives developed under Warden Duffey’s leadership, the facility continues to develop programs and partnerships aimed at meeting the agency mission of reducing recidivism among those we touch. As part of Ohio’s three-tier prison system, SCC opened a reintegration dorm in August 2013. Reintegration dorms are the highest of the three-tier system and are designed to provide offenders 8 to 10 hours of meaningful activity. This approach is designed to best equip offenders with the necessary skills to be successful when released.
Organizational Structure

Office of Communications
The Office of Communications keeps the public informed of the Department’s latest developments, briefs the media on critical incidents, responds to day-to-day media inquiries, and provides training to external agencies, executive staff and field staff in effective relationships with the media. The office is also responsible for maintaining, updating, and creating publications on behalf of DRC which includes internet information as well as DRC brochures, newsletters, and annual reports. The office also organizes special events, ceremonies, and other projects designated by the Director.

Legislative Liaison
This area is responsible for overseeing the exchange of Departmental information to legislators and their staff. Other responsibilities include, but are not limited to: 1) Assist and advise the Director and the offices of the Governor and Lieutenant Governor concerning establishment of a departmental and administration criminal justice legislative agenda; 2) Meet with key legislators and their staff concerning pending legislative issues and prepare testimony for presentation to committee members; 3) Prepare written and oral responses to legislative inquiries and organize tours for interested legislators and their staff; 4) Ensure that verbal and written inquiries from legislators and their staff are responded to in a timely and appropriate manner; and 5) Serve as the Director's representative on matters affecting federal, state, and local government.

Office of the Chief Inspector
The Chief Inspector’s Office administers inmate grievance procedures ensuring that inmate concerns and problems are being appropriately addressed. Additionally, the office responds to inmate grievance appeals and grievances against Managing Officers or inspectors. The office provides assistance, training, and advice to institutional inspectors and investigators and monitors, coordinates, conducts, and/or initiates internal administrative investigations. The Office of the Chief Inspector facilitates the inmate Americans with Disabilities Act process.

Bureau of Agency Policy and Operational Compliance (BAPOC)
The Bureau of Agency Policy and Operational Compliance (BAPOC) is responsible for department policy development, monitoring of policy compliance in all agency operations, the administration of the health and safety program for all facilities, and ensuring the overall
accreditation of the agency through the American Correctional Association (ACA) and compliance with PREA standards.

The Bureau coordinates policy development that enhances the quality of life throughout the Department. Each facility and parole region within the Department is subject to an annual internal management audit coordinated by BAPOC to monitor compliance with identified national, state, and local standards and regulations.

In addition, DRC is one of the few states in the country to have earned the Golden Eagle Award for obtaining ACA accreditation in all of its facilities including all prisons, the training academy, the Operation Support Center, penal industries, parole services, and the parole board.

The Bureau of Agency Policy and Operational Compliance is responsible for the development of all agency policies which provide the framework for the Department’s entire operation. Policies provide clear direction for employees including operational practices, philosophies, values, and ethical standards. All employees are encouraged to participate in the formulation of policies, procedures, and operational manuals through the policy review process. In fiscal year 2014, 695 employee comments were received which assisted the policy owners with the revision of 243 policies. In addition, 127 policy variances, which are temporary authorizations for policy deviations, were processed during that time period.

**Risk Management**

The Division of Legal Services provides in-house legal counsel in policy, programs, and operations. The Division also provides advice and services for financial transactions, supports various human resources functions, represents the Department at administrative hearings, acts as the Director’s designee on Rules Infraction Board and local control appeals, and serves as a liaison to the Office of the Attorney General in all formal litigation.

**Organizational Development**

**Bureau of Personnel**

The Bureau of Personnel is responsible for the oversight and supervisory accountability for all employee-related matters occurring in the Department in regards to personnel and payroll.

- Compensation and Benefits Unit - Responsible for processing all off work and benefit programs as well as payroll processing and oversight for agency in regards to reports and analyzing data.
• Operation Support Center/Division of Parole and Community Services Personnel Services Unit - Responsible for providing guidance and training to both employees and managers.
• Institution Personnel Service Unit - Responsible for providing support to institutions by reviewing and submitting Personnel Actions to the Department of Administrative Services for review, performing job analysis, oversight of the request to fill process, and submitting changes to classification plans.
• Workforce Acquisition Unit – Responsible for providing both centralized and regionalized agency posting and position selection management.

Bureau of Labor Relations
The Bureau of Labor Relations is responsible for the administration of collective bargaining agreements that impact the Department including interpretation and enforcement of contractual language. Labor Relations reviews all disciplinary actions at the suspension/fine or termination level prior to imposition and represents the Department in employee grievance steps up to and including final and binding arbitration. The Bureau of Labor Relations represents the Department at collective bargaining negotiations for all contracts and at agency specific negotiations.

The Corrections Training Academy
The Corrections Training Academy (CTA) provides employee orientation training to all DRC employees and other criminal justice partners. CTA also administers and provides specialized in-service training programs for DRC employees, local law enforcements agencies, and other criminal justice partners.

Office of Equal Employment Opportunity
The Office of Equal Employment Opportunity (EEO) is responsible for promoting equal opportunity in every aspect of agency personnel policies and practices. To that end, the EEO section of DRC affirms its support of equal opportunity for all persons regardless of race, color, sex, religion, national origin, age, disability, veteran status, and sexual orientation/gender identity.

Human Resource (HR) Research and Data Managements serves as principal source of information for the agency regarding HR data and HR related research, produces HR data, completing information requests from outside constituency groups.
Healthcare and Fiscal Operations

Office of Correctional Health Care

The mission of the Office of Correctional Health Care is to promote optimal wellness by providing integrated client-centered services.

Bureau of Medical Services

Bureau of Medical Services (BOMS) is responsible for the planning, implementation, monitoring, and evaluation of comprehensive medical services for offenders. Medical services include primary care, pharmacy, dental, lab, and telemedicine within each institution. BOMS services include specialized treatment at Franklin Medical Center (FMC) to include: intensive skilled medical and nursing care, long-term care, an Urgent Care Clinic, mobile magnetic resonance imaging (MRI) and computed tomography (CT) services, and a full-service in-house laboratory. Specialized services are also available at the Frazier Health Center at the Pickaway Correctional Institution, including intensive skilled medical and nursing care, long-term care, and dialysis. Specialty and inpatient hospital care is offered through comprehensive medical contracts.

Bureau of Behavioral Health Services

The Bureau of Behavioral Health Services (BHS) is responsible for the planning, implementation, monitoring, and evaluation of comprehensive mental health services for offenders. Mental health services include an array of services provided on an outpatient or inpatient basis. This includes psychotherapy, groups, psycho-educational programs, psychotropic medications and prevention services tailored to the offender’s treatment plan. This bureau also is responsible for the provision of treatment services to special populations such as offenders with intellectual and developmental disabilities and sex offenses.

In addition, BHS is responsible for the planning, implementation, monitoring and evaluation of comprehensive alcohol and other drug treatment services. This includes screening, therapeutic communities, residential treatment programs, intensive program prisons, treatment readiness programs, intensive outpatient programs, continuous care services, outpatient programs, individual and group counseling, and other ancillary services such as alcohol and other drug education and 12-Step groups.

Office of Administration

The Office of Administration provides fiscal direction and training programs to DRC staff and to others. The Deputy Director of Administration is responsible for all budget requests and fiscal allocations. The office formulates and writes all policies regarding distribution of funds and is
the chief fiscal accounting department for DRC. The office also oversees Ohio Penal Industries and construction, activation and maintenance of all properties of DRC.

**The Division of Business Administration**

The Division of Business Administration (DBA) oversees fiscal operations comprised of the Operation Support Center business office which handles purchasing and accounts payable, revenue and receivables. DBA also serves as the Department liaison between the Department of Administrative Services and other state agencies.

**Bureau of Budget Planning and Analysis**

Bureau of Budget Planning and Analysis prepares and monitors the agency’s operating budget. It serves as the fiscal advisor for the agency and provides administrators with financial analysis, evaluation and recommendations to promote effective control and reasonable costs. This bureau coordinates the Department’s efforts to secure federal grants and other outside funding, oversees development of Business Intelligence reports, and maintains OAKS Financials security. The area also oversees the Department’s controlling board process.

**Office of Enterprise Development**

Office of Enterprise Development works in collaboration with the Ohio Department of Development, Ohio Penal Industries, and DRC’s areas of research, information and technology, and education to provide opportunities for offenders to learn transferable and meaningful job skills during their incarceration. The Office of Enterprise Development creates partnerships and business opportunities with the public and private sector. The end result of these partnerships is to reduce recidivism and successfully reintegrate offenders into society through career and employment opportunities.

**Bureau of Information and Technology Services**

Bureau of Information and Technology Services (BITS) is responsible for providing technology services for the Department. These services include mission-critical software applications such as the Departmental Offender Tracking System (DOTS Portal), Office Automation System (OASYS), Employee Relations System (ERS), Forms Department, and Ohio Penal Industries Systems. Besides these applications, BITS also provides support services for the intranet, internet sites, as well as telecommunications, video-conferencing and networking infrastructure for the Department.
The Bureau of Construction, Activation and Maintenance and Sustainability

The Bureau of Construction, Activation and Maintenance and Sustainability (CAMS) evaluates facility needs, prepares capital improvement plans and recommendations for submittal of capital funding requests, and manages the Department’s capital improvement projects. These projects include new prison construction, prison renovations, infrastructure improvements, facility upgrades and building or equipment replacements. CAMS staff manage the pre-design, design, bidding, construction, contract completion and closeout and activation processes, as needed, for all capital projects. CAMS also coordinates facility preventative maintenance programs with all institutions, performs facility management audits and assists in planning of in-house construction projects. Additional functions include coordination of real estate transactions, statewide coordination and reporting for FAMS, plans review and technical assistance for the local jail construction program, and coordination of facility health and safety programs. This office is also responsible for managing waste and energy reduction programs and planning and directing the Department’s conservation and recycling efforts.

Ohio Penal Industries

Ohio Penal Industries is responsible for providing an industrial training program designed to provide vocational skills and a meaningful work experience for the inmate population while producing products. Some of these products and services include license plates, office furniture, modular furniture, janitorial supplies, asbestos abatement, and vehicle service and repairs.

Office of Acquisition and Contract Compliance

The Office of Acquisition and Contract Compliance focuses on monitoring and ensuring compliance of the agency’s privatized operations. This office oversees fiscal audits, purchasing, contract administration and asset management.

- Asset management is a responsibility of this area and includes the operations of the Operation Support Center mailroom and storeroom.
- Food service operations include the delivery of quality meals to the offender population that complies with nutrition standards. This office is also responsible for the management of food inventory and supplies and the evaluation of distributors and suppliers.
- The Contract Administration section of the Office of Acquisition and Contract Compliance works with program staff to develop specifications, solicit proposals, and execute contracts. Once the contracts are implemented, Contract Administration assists with development of contract monitoring tools and resolution of contract issues. This section also oversees the department’s real estate program.
Examines DRC’s internal funds and accounts. Fiscal audits are conducted every three years and include financial testing, commissary fiscal operation, financial statement review and examinations of compliance with policies, procedures, administrative rules, and laws. This process reinforces responsibility, accountability, segregation of duties, fiscal management and promotes task standardization to reduce the risk of deviation from established and acceptable accounting principles.

**Court and Community**

**Office of Offender Reentry**

The Office of Offender Reentry is responsible for guiding and monitoring the Department’s reentry related programs and initiatives. Designated staff is assigned initiatives targeting such areas as volunteers, family, reentry planning and assessments, housing, offender programming, community partnerships, and offender workforce development.

In January 2013, the Ohio Rural Recidivism Reduction Project (OR3), a federal $666K Second Chance Act grant, managed by the Office of Offender Reentry, began taking clients. This project is designed to address the reentry needs of approximately 400 medium to high risk men and women returning to a ten county area in Southeastern Ohio. This project, originally slated to conclude in September 2013, was granted an extension through June 2014. By the end of 2013, approximately 300 clients had received services, and it is expected the project goal of 400 will be reached. In September 2013, DRC was awarded a $61K federal Second Chance Act planning grant which is currently being used to identify counties or communities appropriate for expanding the model created in OR3.

The Office of Offender Reentry partnered with the Central Ohio Restored Citizen Collaborative to offer the second annual Restored Citizen’s Summit. This event was attended by over 500 restored citizens, practitioners, and resource providers. Workshops and presentations were offered providing tools to address areas of need including employment, education, legal assistance, and entrepreneurial interests.

The Office of Reentry, by the end of 2013, was working with a total of 67 local coalitions, alliances, or community partners. These partners provide reentry focused efforts in 76 (86%) of Ohio’s 88 counties. This is a significant step towards the long term goal of having every offender in contact with his or her community partner prior to release.

**Investigations, Community Services and Jail Oversight**

Investigations and Community Services conducts investigations of alleged employee misconduct. This office provides guidance to community partners, jail personnel and
community supervision staff in developing policy and compliance with community PREA standards.

Jail Oversight inspects local adult detention facilities in Ohio for compliance with the minimum standards for jails, reviews/approves plans for the renovation and construction of jail facilities and manages state construction awards given to counties to support the improvement or replacement of inadequate facilities. Staff also provides technical assistance to local jail officials when upgrading jail operations and enforces compliance with standards when appropriate.

**Bureau of Community Sanctions (BCS)**

Bureau of Community Sanctions (BCS) provides guidance and oversight to DRC funded halfway houses, community-based correctional facilities, and community corrections act programs, probation improvement and incentive grants and the Smart Ohio grants; reviews and approves grant applications for community corrections funding; and audits all DRC funded programs to ensure compliance with minimum standards of operation. BCS provides technical assistance and training for DRC funded programs including halfway houses, transitional control, electronic monitoring, community-based correctional facilities, community residential centers, and community corrections act programs.

The Bureau of Community Sanctions, in partnership with state, local and private/non-profit agencies, develops and enhances community corrections programs utilized by local courts and DRC for sanctioning and treating offenders in the community.

DRC has committed to reallocating up to $10 million dollars in support of the Smart Ohio Plan, a funding model developed to increase community corrections alternatives to prison. The Smart Ohio Plan provided all Ohio counties the opportunity to submit a Statement of Interest in an effort to qualify for additional funds to support their community prison diversion programs. Interested counties were able to choose between three different funding models: 1) the Probation Service Model supplements the costs of supervision and treatment as long as there is no prison commitment; 2) the Treatment Service Model increases resources for community treatment; and 3) the Targeted Diversion Model encourages the increased use of community alternative sanctions for non-violent F4 and F5 offenders by offering potential reimbursement of $5,500 per targeted offender diverted from prison.

All twenty-nine counties that submitted a Statement of Interest were awarded a Smart Ohio Funding Pilot grant. Counties will receive quarterly disbursements based upon the type of funding model awarded and reported progress data provided to DRC. Funding began in March
2014. The funding models will run through Fiscal Year 2015 and will be evaluated to determine their effectiveness in providing alternatives to prison commitments.

Probation Improvement and Incentive Results

In Fiscal Year 2012, as a result of House Bill 86, DRC established a Justice Reinvestment Advisory Committee and developed a new community correction grant funding model called the Probation Improvement and Incentive Grants. The grants focused on a variety of local probation issues and included some form of enhancement of the programming services available to offenders to address their criminogenic needs. Twenty-three individual counties and two multi-county collaborative grants were awarded. Each Probation Improvement Grant received initial grant funds for the program and was also eligible for incentive funds if the program achieved its agreed upon performance measures.

Eighteen of the 25 programs from the Fiscal Year 2012/2013 Probation Improvement and Incentive Grants performed well and received incentive payments as a result of their performance. The incentive awards were provided to 18 County Common Pleas Court programs in May of 2013. The Courts have until June 30, 2015 to expend the incentive award on any community corrections purpose. These eighteen programs had their grants automatically renewed for Fiscal Year 2014/2015. To renew the funding the Courts were required to complete a grant application, budget, and update their performance measures for the next evaluation period. The remaining seven grant recipients received notice in April 2013 that DRC and the Justice Reinvestment Committee reviewed the program’s performance and determined that the grant did not qualify for any incentive funding and did not automatically qualify for funding. In the eighteen successful counties, the programs altogether experienced a net reduction in the number of offenders committed to prison for probation violations by 247 offenders compared to their FY11 rate.

Future Funding

The seven grants which did not receive their incentive awards resulted in DRC having almost one million dollars in funding remaining in Fiscal Year 2013. DRC and the Justice Reinvestment Committee decided the most effective and appropriate use of those funds was to provide a portion of these dollars to each of the eighteen successful grant programs for use during the 2014/2015 fiscal years. This allowed DRC to make approximately five million dollars available to fund new Probation Improvement and Incentive grants in 2014/2015 while still funding the eighteen renewal programs. DRC released a request for proposals through a competitive online grant process in July 2013. Funding for FY 2014 and 2015 was increased by more than $5 million dollars above the total amount in the initial grants from FY 2012 – FY2013, reaching 8 additional counties. Funding for the current 2-year grant cycle was allocated as follows:

- Probation Improvement $12,194,078
- Probation Incentive $3,380,735
Thirty-one separate counties and three multi-county collaboratives received Probation Improvement Grants.

**Probation Improvement and Incentive Performance Goals**

All grantees were required to identify specific performance measures as part of their grant agreement. All of the agreements included the measure of reduction of commitments to prison and/or jail, targeting technical violators and Felony 4/5 commitments. Goals include the following performance totals:

- Reducing the number of community control violators revoked to prison by 553.
- Reducing the number of felony 4 and felony 5 commitments to prison by 939.
- Reducing the number of community control violators placed in jail by 374.
- Reducing the number of commitments to jail by 676.

If grantees achieve established goals, it will result in 1,492 fewer offenders placed in prison and 1,050 fewer placed in jail during the 18-month performance period (October 1, 2013 – March 31, 2015).

**Field Services**

Field Services supervises offenders who are under parole, probation and other types of community supervision. It also provides services to counties to include supervising offenders, assisting with the collection of court costs and child support payments. Field Services directs and coordinates statewide service delivery systems for special needs offenders released from prison and in the community, e.g., reentry planning and services, recovery services, mental health services, and sex offender services. This area also includes the interstate compact section and fugitive section.

**The Ohio Parole Board**

The Ohio Parole Board determines the release of inmates from prison to parole and assesses offenders for placement of post-release control supervision. The Board evaluates all clemency applications and forwards their findings/recommendations to the Governor for final approval.

Senate Bill 160, Roberta’s Law, was enacted on December 13, 2012, and became effective on March 22, 2013. This bill expands parole hearing notification timeframes from 21 days to 60 days. It also requires the Parole Board to notify victims/survivors of certain offenses regardless of whether the victim had previously registered for such notification. The bill provided victims the right to participate in the parole hearing process, including participation in a Victim
Conference. The bill essentially changed Ohio’s victim notification system from an opt-in system to an opt-out system. In anticipation of the enactment of this bill, the Notification and Termination Unit was established in October 2012 within the Parole Board section, and is charged with overseeing the identification and location of victims of crime, and providing notice of upcoming parole hearing and other events to judges and prosecutors. A significant increase in participation in the parole hearing process has resulted. From 2012 to 2013, there was a 35% increase in in-person victim conference days, a 134% increase in victim phone conferences, and a 66% increase in the total number of victims served.

**Office of Victim Services**

The Office of Victim Services provides crisis intervention and advocacy for victims with offenders in DRC prisons or under Adult Parole Authority supervision in the community, participates in Victim Conference Day, and administers the Victim/Offender Dialogue program and victim impact panels.

The work of the Barbara Warner Committee on Workplace Domestic Violence continued in 2013/2014. This committee was first established in 2008 and affirmed by Governor Kasich with Executive Order 2011-04K. The committee obtained permission for the State of Ohio to use an online training which ensures state agencies and employees can recognize and respond to the signs of domestic violence in the workplace. DRC expanded the manager track of this training and this expanded curriculum was implemented in July 2013 and surpasses the standards of the committee. Additionally, DRC is the largest state agency to have accomplished the mandates of Governor Kasich’s Executive Order.

The Executive Order that guides the work of the Ohio Council on Victim’s Justice was revised and signed by Director Mohr in December 2013. The Council is made up of statewide and local experts in the victim services field who have volunteered to serve, provide guidance and input to ODRC/OVS regarding victim related issues.

**Bureau of Research and Evaluation**

The Bureau of Research and Evaluation provides information to policymakers within and outside of the Department in order to assist with decision making. The Bureau gathers and summarizes information for special and routine reports regarding inmates and departmental operations. The Bureau supports the Department through legislative analysis and population projections and provides research support for planning, review, and analysis for internal and external customers. The Bureau generates formal and informal reports regarding long and short term studies on management, program and policy analysis, parole and community services, and
offender classification. The Bureau also provides research capabilities in such areas as recidivism studies, other long-term special projects, and strategic planning.

**Operations**

**Office of Prisons**

The Office of Prisons is responsible for providing general day-to-day supervision, direction and oversight to the prisons and Adult Parole Authority field staff statewide. The Office of Prisons is comprised of four regions: northwest, northeast, southwest, and southeast. Each region is managed by a Regional Director.

Each region is assigned an Operations Manager who is responsible for unit management functions which includes programming, visiting, recreation, placement packets, release planning, etc. In addition the Operations Manager oversees all security aspects throughout the state prisons, Corrections Training Academy and the Ohio Penal Industries and ensures that prisons operate within compliance of all security policies.
DRC Regional Operations Map
Statewide Regional Operations

Northwest Region

Prisons:
Northeast Reintegration Center (Female)
Grafton Correctional Institution
Lorain Correctional Institution
Lake Erie Correctional Institution (Private)
Trumbull Correctional Institution

Adult Parole Authority Regions:
Cleveland Regional Office Counties – Cuyahoga, Erie, Medina, Lorain Akron Regional Office
Counties – Ashtabula, Lake, Geauga, Trumbull, Portage, Summit, Mahoning, Columbiana, Stark,
Jefferson, Carroll, Harrison, Tuscarawas, Holmes, Coshocton, Wayne, Knox, Ashland, Huron

Southeast Region

Prisons:
Pickaway Correctional Institution
Southeastern Correctional Institution
Noble Correctional Institution
Correctional Reception Center
Southern Ohio Correctional Facility
Belmont Correctional Institution

Adult Parole Authority Regions:
Columbus Regional Office Counties – Franklin, Licking, Muskingum, Guernsey, Belmont,
Pickaway, Fairfield, Perry, Morgan, Noble, Monroe, Hocking, Athens, Washington, Vinton,
Meigs, Jackson, Gallia, Scioto, Lawrence
Southwest

**Prisons:**
- Madison Correctional Institution
- Ross Correctional Institution
- Lebanon Correctional Institution
- London Correctional Institution
- Chillicothe Correctional Institution
- Warren Correctional Institution

**Adult Parole Authority Region:**
- Cincinnati Regional Office Counties — Greene, Madison, Fayette, Butler, Warren, Clinton, Highland, Ross, Hamilton, Clermont, Brown, Adams, Pike

Northwest

**Prisons:**
- Allen Oakwood Correctional Institution
- Dayton Correctional Institution (Female)
- Mansfield Correctional Institution
- North Central Correctional Complex (Private)
- Ohio Reformatory for Women (Female)
- Richland Correctional Institution
- Toledo Correctional Institution

**Adult Parole Authority Regions:**
- **Dayton Regional Office Counties** — Darke, Shelby, Logan, Union, Marion, Morrow, Richland, Delaware, Champaign, Clark, Miami, Montgomery, Preble
- **Lima Regional Office Counties** — Williams, Fulton, Wood, Lucas, Ottawa, Henry, Defiance, Sandusky, Seneca, Hancock, Putnam, Paulding, Van Wert, Allen, Hardin, Wyandot, Crawford, Auglaize, Mercer

**Bureau of Classification and Reception**

The Bureau of Classification and Reception classifies and assigns inmates to appropriate security level institutions from reception and during their incarceration. It is responsible for the review, approval, coordination and scheduling of all inmate transfer requests in conjunction with centralized transportation as well as the review, approval, and facilitation of placement requests and transports for the interstate transfer of inmates to and from the agency with other states and/or the Federal Bureau of Prisons. The Bureau also approves requests for institution separations and other specialized transfers, provides training for institution staff.
concerning the classification process, and conducts site visits to address specific issues as needed.

**Security Threat Group (STG)**
The Security Threat Group (STG) office is responsible for tracking, monitoring, and investigating STG activities within DRC. This section maintains STG investigation and intelligence information. These activities are designed to support institution and parole personnel in the field.

**Special Operations**
Special Operations coordinates and monitors the Special Tactical & Response (STAR) team and all training for institution Special Response Teams, sniper training and hostage negotiations. The STAR team is a highly trained unit which can be activated statewide to deal with institution unrest. This section also schedules and conducts annual institution no-notice critical incident management exercises at each of the prisons.

**The Ohio Central School System**
The Ohio Central School System (OCSS) provides for all inmates’ education opportunities including ABLE, GED, vocational training, job readiness, special education, and offender workforce development.

Apprenticeship programs are growing for the Ohio Department of Rehabilitation and Correction (DRC). The real growth has come from the hard work of the institution staff from wardens, deputy wardens, unit staff, principals, assistant principals, and maintenance staff. Just about every institution has reviewed the programs, adding what fits its population. Some have taken it further by noticing occupations that their inmates are performing but not getting earned credit for, thus the seven new occupations. In 2011 only 18 requests for local apprenticeships were received and approved. The number exploded 244% to 62 in 2012. A total of 49 were approved in 2013.

DRC was featured in the February/March issue of Corrections Today, and as a conservation partner the Ohio Central School System’s green apprenticeship programs were highlighted. In addition, OCSS hosted a Facilitator’s Training for the horticulture and turf management teachers to incorporate the DRC Green Initiative material into the current course curricula.

**Religious Services**
Religious Services oversees all religious services throughout the state correctional institutions. Currently 69% of the inmate population subscribe to one of 50 different religious affiliations.
Numerous organizations and volunteers provide opportunities for inmates to engage in various religious activities and programs, such as life skill classes, faith-based reintegration classes, faith-based housing unit programs, mentorship, religious studies, worship services, religious holiday observances, and family unification programs. All faith-based programs are non-mandatory meaningful activities.

DRC has a total of 9,218 active volunteers providing services in Unit Management, Education, Religious Services, Recovery Services, Recreational Services, Community Services and Reentry.

Bureau of Sentence Computation and Records Management
Bureau of Sentence Computation and Records Management is responsible for interpreting sentencing documents and computing release dates. They are responsible for the accurate and timely management, retention, and disposal of departmental records. This area also includes the central record office which coordinates all details of inmate releases and related screenings, scheduling outside court hearings, wants and warrants checks, and processing detainers.

Agency Highlights

Legislative Update

Senate Bill 143
The Department worked with the legislature in Fiscal Year (FY) 2014 to achieve passage of Senate Bill 143 to remedy issues that came to light after the enactment of collateral sanctions reform (SB 337) of the 129th General Assembly. In addition to collateral sanctions reform, the legislation contained several important language changes that will further the Department's
mission. These include: A provision to allow DRC’s Director to approve Transitional Control (TC) placements for offenders serving sentences longer than 2 years was added to the bill in the House. Judges will retain the ability to veto placements for offenders serving sentences of 2 years or less. This will expand the number of offenders in the program, potentially saving more than 200 prison beds annually. A provision in the bill increasing the length of eligible sentences from 18 months to 36 months for the prison nursery program at the Ohio Reformatory for Women was retained in the bill from the introduced version. This will allow for expansion of this successful program. Finally, the bill contained an important provision to extend the sunset date of the Ohio Ex-Offender Reentry Coalition from December 2014 to December 2019. Governor Kasich signed Senate Bill 143 into law on June 20, 2014.

**House Bill 483**

The Department worked with the legislature in FY 2014 and advocated for passage of the Governor’s proposed Mid Biennium Review (MBR). The main MBR as enacted by the legislature in HB 483 would further expand the Department’s investment in community corrections programs by providing an additional $12.7 million over the FY 2014-15 biennium to increase funding for Halfway Houses and CommunityBased Correctional Facilities in order to add around 400 residential treatment beds. This investment will provide even greater capacity for judges and localities to divert offenders into less expensive, more appropriate settings in the community. In addition to the critical investments in community corrections cited above, HB 483 increased funding to DRC by nearly $41 million over the biennium as follows:

- Institutional Operations increases to reopen closed units due to population increases exceeding projections at Mansfield and Ross Correctional Institutions, address violence at Toledo Correctional Institution, meet federal Prison Rape Elimination Act requirements, and pay for BWC rate changes.
- Increase funding for the Adult Parole Authority to hire additional parole officers to meet the expanded levels of caseloads.
- Expand medical and mental health staffing and reopen a residential treatment unit at the Warren Correctional Institution.
Accreditation
In fiscal year 2014, six correctional institutions and the Corrections Training Academy successfully achieved their American Correctional Association (ACA) reaccreditation. The following table shows the compliance level results for each facility from their 2014 ACA audit.

**Medicaid Expansion**

January 1, 2014 marked the effective date of Ohio’s Medicaid expansion, as an initiative of Governor Kasich’s Office of Health Transformation. DRC’s Office of Correctional Healthcare has been working with the Ohio Department of Medicaid over the past year to assess the impact of Medicaid expansion on the state’s offender population, and to implement programs to extend Medicaid coverage for offenders who qualify. On July 1, 2013, DRC began activating Medicaid coverage for offenders that were hospitalized greater than 24 hours, and were under 21, over 65, or pregnant. Effective March 17, 2014, DRC was able to begin activating Medicaid coverage for any offender hospitalized greater than 24 hours. If that same offender is released from prison within a year of their most recent hospitalization, then DRC will provide them with their actual Medicaid card upon release, for continuity of care purposes. Currently the DRC continues...
to partner with the Ohio Department of Medicaid towards the shared goal of providing any eligible offender a temporary Medicaid number upon release from prison. It is expected that this process will be in place within 2014. The DRC strongly believes that access to continuing treatment and healthcare services is critical to reentry efforts of Ohio offenders.

### Fiscal Operations

#### Payroll

This section organizes expenditures by program and total funds, including property, staff and offenders. Expenditures are organized by the following: General Revenue Funds (GRF); Non-General Revenue Funds (non-GRF); revenue; expenditures; utility costs; Performance Contracts (PERF); Construction, Activation and Maintenance (CAM); and, payroll.

Green Initiatives

DRC reduced trash bills by $2.2 million through recycling and organic waste management in Fiscal Year 2014. Food pulpers were installed at the ten institutions with the highest amount of food waste and are projected to reduce food waste by roughly 80%, from 19,000lbs to 4,000lbs for a cost savings of $541,000 per year. Recycling programs earned $291,948 in Fiscal Year 2014; the dollars were reinvested into other conservation efforts for the department and education initiatives for offenders.

For example, revenue funds support the Roots of Success program, an offender-facilitated course that prepares men and women for jobs in the green economy through a curriculum that integrates job readiness, academic readiness, and environmental literacy. The program expanded in Fiscal Year 2014 and is now in 14 out of 26 institutions.

Recycling revenue also supports DRC’s membership to the Sustainability in Prison Project (SPP) national network. SPP projects partner with outside organizations to support conservation efforts. For example, one institution raises fish to provide locally-sourced food for animals at the Columbus Zoo and is operated by offenders in a Fish Hatchery Apprenticeship program. A partnership with The Wilds allows offenders at another institution to raise endangered Eastern Hellbenders (North America’s largest salamander) which are released back into rivers and streams to replenish the population. Other facilities build Hellbender Houses to go with the salamanders for protection when they return to their natural habitats. Still others are raising Milkweed to assist The Wilds in an endangered butterfly restoration program and mealworms for their reptiles, fish, and birds. In addition, a partnership with the Ohio Wildlife Center expanded in Fiscal Year 2014 to include two additional Wildlife Rehabilitation Centers in DRC institutions.

In addition to waste diversion and expanded community partnerships, Fiscal Year 2014 saw DRC’s first solar project to support energy conservation efforts. Solar thermal collectors are now being used as the primary heat source for hot water and space heating in eight cell blocks at Ross Correctional Institution. This is one of the largest non-utility solar thermal installations in North America. In addition, the project required an educational component to train inmates on how to install the system. Other utility conservation efforts saved DRC $15 million in Fiscal Year 2014.

Acknowledgements

The Ohio Department of Rehabilitation and Correction’s Annual Report was written with the assistance of numerous individuals who devoted their time and expertise to making the report an important source of criminal justice information for Ohio. The Ohio Department of Rehabilitation and Correction would like to sincerely thank these individuals for their contributions.

A special note of thanks to the men of the Prison News Network Multimedia at the Marion Correctional Institution for the production of this document.
