

Ohio Department of Rehabilitation and Correction

Bureau of Recovery Services

Annual Report

Fiscal Year 2009

**Ted Strickland
Governor**

**Terry J. Collins
Director**

**Ernie Moore
Assistant Director**

**Rod Woods, Chief
Bureau of Recovery Services**

Overview

The Ohio Department of Rehabilitation and Correction (DRC) is committed to providing a comprehensive continuum of alcohol and other drug (AOD) treatment services. The continuum begins at DRC reception centers where inmates receive an AOD screening. For inmates with AOD problems, the next phase of the AOD treatment continuum is provided at parent institutions. A variety of treatment services are offered based on the institutional mission, physical capacity and staffing. Inmate participation in these programs is voluntary

Upon completion of a treatment program, the counselor works with the inmate to develop a continuing care plan. This plan will include participation in institutional AOD aftercare activities while incarcerated and community care when released. AOD services for offenders under DRC supervision in the community are coordinated by eight Chemical Dependency Specialists (CDS). The CDS' are responsible for developing treatment resources, making referrals, providing AOD assessments and interim services.

State Partners

Ohio Department of Alcohol and Drug Addiction Services (ODADAS), Columbus, Ohio

- TAPESTRY Therapeutic Community at Ohio Reformatory for Women (ORW)
- OASIS Therapeutic Community at Pickaway Correctional Institution

Community Partners

Comp Drug, Inc., Columbus, Ohio

- TAPESTRY Therapeutic Community at Ohio Reformatory for Women

Quest Recovery Services, Inc., Canton, Ohio

- Belmont Therapeutic Community at Belmont Correctional Institution
- AOD Treatment Services at North Coast Correctional Treatment Facility
- AOD Treatment Services at Lake Erie Correctional Institution

Community Assessment Treatment Services, Cleveland, Ohio

- Day Treatment Program at Northeast Pre-Release Center
- Intensive Program Prison Halfway House

Substance Abuse Services, Inc. Toledo, Ohio

- Day Treatment and other AOD services at Toledo Correctional Institution

Urban Minority Alcoholism & Drug Abuse Outreach Programs

- Circle for Recovery Ohio

Lucas County Treatment Alternatives to Street Crimes

Stark County Treatment Alternatives to Street Crimes

Southeast Ohio Treatment Alternatives to Street Crimes

Recovery Services Reentry Initiatives

The link between substance abuse and criminal activity has been well documented. Research has shown that the treatment of drug abusing offenders while incarcerated can be effective. Additional research has also shown that treatment gains while incarcerated can be lost unless there are follow-up services in the community.

The following initiatives enhance the Bureau of Recovery Services efforts in providing a seamless transition to the community for offenders that have completed AOD treatment while incarcerated:

- Chemical Dependency Specialists (CDS)

The CDS's are charged with ensuring that offenders are appropriately linked with community aftercare services. A total of eight CDS staff are located throughout the state. CDS staff are responsible for the following:

- assessing offender needs
- increasing access to community ADO programs
- conducting some direct treatment
- crisis intervention

- Tapestry Alumni Association

The Tapestry Alumni Association is composed of women who have completed the Therapeutic Community (TC) at ORW and have returned to the community. Their goal is to continue personal growth and remain in recovery. They meet every six-weeks in several Ohio cities to discuss projects and activities in which they can support each other, encourage and be roll models for those women currently in the Tapestry TC, and give back to the community.

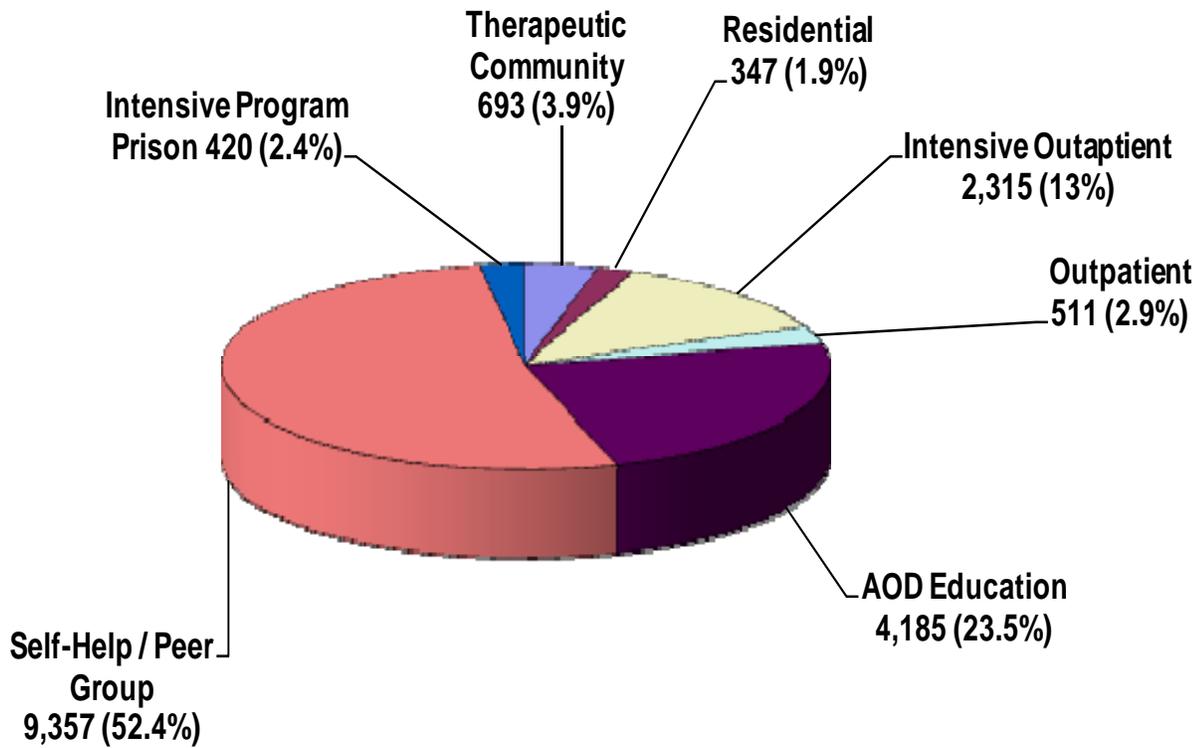

- Winners Circles

The purpose of Winners Circle is to create a means for ex-offenders to live safe, sober and crime-free lifestyles. Together, members develop pro-social tools to apply to problems related to addiction and criminal activity. Groups meet on a weekly basis to discuss the challenges and complexities of life that are unique to people that have been incarcerated.

- Community AOD Treatment Agencies

Over 130 community treatment agencies have been approved to provide AOD treatment services for offenders under community supervisor. All community treatment agencies are certified by the Ohio Department of Alcohol and Drug Addiction Services.

ODRC Inmate Participants in AOD Programming Number and Percent of Participants in FY 2009

Bureau of Recovery Services Annual Report FY 2009

Report Definitions and Key

Definitions

For Cause Drug Testing – Offenders will be tested when there is a reasonable suspicion of drug use.

Intensive Outpatient Program (IOP) – Treatment services that are delivered daily for a minimum of 15 hours a week. A minimum of ten of the hours must be cognitive behavioral treatment specific. The remaining hours will consist of ancillary services.

Intensive Program Prison (IPP) – Prisons for male and female offenders that have an intense 90 day regimen focusing on education, training, work, substance abuse treatment, community service, conservation work, and other regimens or combinations of these regimens.

Outpatient Services (OP) – Treatment Services that are provided less than eight hours per week in regularly scheduled sessions for program participants who reside in general population.

Program Drug Testing – This category will include all other tests where a particular offender sub-population is to be tested to include, but not limited to the following:

- a. Recovery Services Treatment Programs once every two months in addition to any other testing category;
- b. Once every two months, 5% of the inmates who leave the secured perimeter of the institution as part of their job responsibility will be randomly selected for testing in addition to any other testing category;
- c. Before all hearings listed on the parole board call sheet; and after hearing wherein an offender is approved for release;
- d. Offender's under medication treatment for Hepatitis C as requested by the physician;
- e. As indicated by the Warden.

Random Drug Testing – Each month five percent of each identified institution's population will be randomly selected for drug testing. Offenders will be selected by computer assignment.

Recovery Services Alcohol and Other Drug Education Program – A treatment modality that delivers services that affect the knowledge of the consequences and effects of alcohol and other drug use. This is a 24-hour program that will be conducted at a minimum of 2 hours per week and will follow the provided lesson plan. This program is offered to Recovery Level 1 offenders.

Recovery Services Residential Unit (Res.) – Delivers cognitive behavioral treatment services to offenders residing in a common living area. Recovery Services Residential Units shall consist of three months of cognitive behavioral treatment services and three months of continuing care services.

Saturation Drug Testing – Saturation level testing is to be completed once a year. A statistically valid, sampling of each institution's population will be selected for testing, as determined by the Bureau of Research.

Self-Help / Fellowship / Alcoholic Anonymous (AA) / Narcotics Anonymous (NA) Meetings – An independent support / fellowship group organized by and for drug abusers and alcoholics to help members achieve and maintain abstinence and/or cope with the effects of drugs and alcohol.

Substance Abuse and Mentally Ill (SAMI) – Treatment services that are provided for those offenders determined to have co-occurring substance use and mental health issues.

Texas Christian University Drug Screen II (TCU) – Screening instrument used to determine the level of Alcohol and Other Drug use and involvement of an offender. This instrument is used to determine the treatment need level of offenders.

Therapeutic Community (TC) – A treatment modality that uses an offender hierarchy in which treatment states are used to reflect personal and program growth.

Voluntary Tobacco Cessation Program – A structured voluntary program of education, group discussion, counseling, peer support and written assignments to assist inmates in achieving a tobacco free lifestyle.
