FAQs
COVID-19 AND VISITING

QUESTIONS FOR VISITORS

1. **What if I have tested positive in the past?**
   You will still have to submit to COVID-19 test on site.

2. **What happens to my test results?**
   ODRC will be notifying state and local health departments.

3. **If I test positive how long do I have to wait to re-schedule a visit?**
   30 days and you will be required to take COVID-19 test upon your next visit.

4. **If I test negative but someone in my visiting party tests positive can I still visit?**
   No (Refer to Entry Screening questions). Also, refer to #3.

5. **Will children be required to test?**
   Children 12 years and older are required to test. Children under the age of 12 will not be permitted to visit during the initial activation phase.

6. **Will documented COVID-19 test results be accepted?**
   No. Visitors must test on-site.

7. **Will visitors who refuse to test be permitted entry?**
   No. Anyone who refuses a test will not be granted entrance into the visiting area.

8. **Will documentation of a COVID-19 vaccination excuse a visitor from testing?**
   No. The visitor must submit to a COVID-19 test on-site.

9. **Will visiting times be extended to accommodate testing procedures?**
   No. Visiting hours will remain unchanged.
