RE: 2016 Annual Jail Inspection

Dear Director Dale Osborn:

In accordance with Section 5120.10 of the Ohio Revised Code and Executive Order 92-03 of the Department of Rehabilitation and Correction, the Multi-County Correctional Center, a full service jail, was inspected on 08/17/2016. The inspection was restricted to assessing compliance with a group of standards, selected from the Standards for Jails in Ohio promulgated by the Department of Rehabilitation and Correction. The group of standards being inspected focused on Reception & Release, Classification, Security, Housing, Sanitation and Environmental Conditions, Communication, Visitation, Medical and Mental Health Services, Food Service, Recreation and Programming, Inmate Discipline, Administrative Segregation, Grievance, Staffing, and Staff Training. The inspection consisted of this Inspector receiving and/or reviewing requested documentation and/or materials, touring selected areas of the jail, and having discussions with various jail staff.

The total actual general housing capacity for the Multi-County Correctional Center is 182. On the date of the jail inspection, there were 184 inmates incarcerated in the Multi-County Correctional Center. The Ohio Department of Rehabilitation and Correction recommended housing capacity for the jail is 182, which is based upon total available living space and other requirements. Officials should maintain prisoner counts within the Department's recommended capacity figure.

The Multi-County Correctional Center (Full Service Jail) is in compliance with 113 standards, 53 "Essential", and 60 "Important".

The Multi-County Correctional Center did not comply with 3 standards, 0 "Essential", and 3 "Important". This letter is intended to serve as a basis for developing plans of action for bringing the facility into compliance with the deficiencies noted during the inspection.

5120:1-8-04 (A) (2) Housing Cells: (b) (Important) One hundred square feet with seven feet least dimension for double occupancy, stacked bunks, one hundred ten square feet with nine feet least dimension for double occupancy, single bunks.

Comments: At the time of the inspection, block(s) "K" and "L" do not meet the requirement for this standard (double occupancy).

5120:1-8-09 (S) (Important) Continuous quality improvement program. The health authority shall develop a continuous quality improvement (CPI) system of monitoring and reviewing, at least annually, the fundamental aspects of the jail's health/mental health care system, including but not limited to: access to care; the intake process; emergency care and hospitalizations; and, adverse inmate occurrences, including all deaths. Periodic chart reviews are included to determine the timeliness and appropriateness of the clinical care provided to inmates.

Comments: At the time of the inspection, the jail did not have documentation showing adherence to this standard.

5120:1-8-09 (T) (Important) Emergency response plan - The health aspects of the emergency response plan (mass disaster drill & man down drill). Emergency medical care, including first aid and basic life support, is provided by all health care professionals and those health-trained correctional staff specifically designated by the jail administrator. All staff responding to medical emergencies are certified in cardiopulmonary resuscitation (CPR) in accordance with the recommendations of certifying health organizations.

Comments: At the time of the inspection, the jail policy, procedures, and practices need updated to reflect the components of this standard.

The Multi-County Correctional Center is in compliance with 100% of the Essential Standards and at least 90% of the Important Standards meeting the requirements of a "Compliant Jail". It should be noted however; the jail did not comply with 3 of the Important Standards upon which the facility was inspected. This letter is intended to serve as a basis for developing plans of action for bringing the facility back into compliance with the remaining deficiencies noted during the inspection.

The Bureau of Adult Detention encourages the jail to correct the remaining deficiencies noted in the inspection report prior to the next annual jail inspection. Plan of Action forms are enclosed and can be submitted through the Ohio Jail Management System (OHJMS) at www.OHJMS.Intelligrants.com. Feel free to contact the Bureau if you need assistance or clarification in this effort. The Bureau remains available to discuss the aspects of this report and to provide reference materials or assistance as desired.

Sincerely,
