RE: 2016 Annual Jail Inspection

Dear Sheriff Steve Sheldon:

In accordance with Section 5120.10 of the Ohio Revised Code and Executive Order 92-03 of the Department of Rehabilitation and Correction, the Richland County Jail, a full service jail, was inspected on 09/28/2016. The inspection was restricted to assessing compliance with a group of standards, selected from the Standards for Jails in Ohio promulgated by the Department of Rehabilitation and Correction. The group of standards being inspected focused on Reception & Release, Classification, Security, Housing, Sanitation and Environmental Conditions, Communication, Visitation, Medical and Mental Health Services, Food Service, Recreation and Programming, Inmate Discipline, Administrative Segregation, Grievance, Staffing, and Staff Training. The inspection consisted of this Inspector receiving and/or reviewing requested documentation and/or materials, touring selected areas of the jail, and having discussions with various jail staff.

The total actual general housing capacity for the Richland County Jail is 244. On the date of the jail inspection, there were 231 inmates incarcerated in the Richland County Jail. The Ohio Department of Rehabilitation and Correction recommended housing capacity for the jail is 234, which is based upon total available living space and other requirements. Officials should maintain prisoner counts within the Department's recommended capacity figure.

The Richland County Jail (Full Service Jail) is in compliance with 112 standards, 53 "Essential", and 59 "Important".

The Richland County Jail did not comply with 3 standards, 0 "Essential", and 3 "Important". This letter is intended to serve as a basis for developing plans of action for bringing the facility into compliance with the deficiencies noted during the inspection.

5120:1-8-03 (B) Each full service jail shall have written policies and procedures, and practices which evidence, that the

following minimum standards are maintained. (1) (Important) Procedures govern availability, control inventory, storage, and use of firearms, less than lethal devices, and related security devices, and specify the level of authority required for their access and use. Chemical agents and electrical disablers are used only with the authorization of the jail administrator or designee. Access to storage areas is restricted to authorized persons and the storage space is located in an area separate and apart from inmate housing or activity areas.

Comments: The current jail policy, procedure and practices need updated to reflect all the requirements of this standard.

5120:1-8-04 (I) (Important) Noise levels shall not exceed seventy decibels in daytime and forty-five decibels at night. Noise levels shall be documented using a sound level meter set to the A-scale (decibels.)

Comments: At the time of inspection, noise level readings were taken which met the requirements for this standard. However, the jail failed to provide noise level readings at night which shall not exceed 45 decibels.

5120:1-8-06 (D) (Important) Mail, correspondence and packages shall only be withheld, read or rejected based on legitimate jail interests of order and security and is justified and approved by the jail administrator or designee in writing. The inmate shall be notified if mail is withheld or rejected.

Comments: At the time of inspection, procedures and practices need updated to reflect requirements indicated in standard.

The Richland County Jail is in compliance with 100% of the Essential Standards and at least 90% of the Important Standards meeting the requirements of a "Compliant Jail". It should be noted however; the jail did not comply with 3 of the Important Standards upon which the facility was inspected. This letter is intended to serve as a basis for developing plans of action for bringing the facility back into compliance with the remaining deficiencies noted during the inspection.

The Bureau of Adult Detention encourages the jail to correct the remaining deficiencies noted in the inspection report prior to the next annual jail inspection. Plan of Action forms are enclosed and can be submitted through the Ohio Jail Management System (OHJMS) at [www.OHJMS.Intelligrants.com](http://www.OHJMS.Intelligrants.com). Feel free to contact the Bureau if you need assistance or clarification in this effort. The Bureau remains available to discuss the aspects of this report and to provide reference materials or assistance as desired.

Sincerely,

---
