RE: 2018 Annual Jail Inspection

Dear Sheriff Orvis Campbell:

In accordance with Section 5120.10 of the Ohio Revised Code and Executive Order 92-03 of the Department of Rehabilitation and Correction, the Tuscarawas County Jail, a full service jail, was inspected on 09/17/2018. The inspection was restricted to assessing compliance with a group of standards, selected from the Standards for Jails in Ohio promulgated by the Department of Rehabilitation and Correction. The group of standards being inspected focused on Reception & Release, Classification, Security, Housing, Sanitation and Environmental Conditions, Communication, Visitation, Medical and Mental Health Services, Food Service, Recreation and Programming, Inmate Discipline, Administrative Segregation, Grievance, Staffing, and Staff Training. The inspection consisted of this Inspector receiving and/or reviewing requested documentation and/or materials, touring selected areas of the jail, and having discussions with various jail staff.

The total actual general housing capacity for the Tuscarawas County Jail is 112. On the date of the jail inspection, there were 113 inmates incarcerated in the Tuscarawas County Jail. The Ohio Department of Rehabilitation and Correction recommended housing capacity for the jail is 112, which is based upon total available living space and other requirements. Officials should maintain prisoner counts within the Department's recommended capacity figure.

The Tuscarawas County Jail (Full Service Jail) is in compliance with 109 standards, 53 "Essential", and 56 "Important".

The Tuscarawas County Jail did not comply with 4 standards, 0 "Essential", and 4 "Important". This letter is intended to serve as a basis for developing plans of action for bringing the facility into compliance with the deficiencies noted during the inspection.

5120:1-8-01 (A) (10) (Important) The jail shall develop, implement, maintain, and update as necessary a set of generally applicable inmate rules. The rules shall be accessible to all inmates and shall provide information regarding

confinement including sleeping hours, meals, mail, work assignments, telephone access, visitation, correspondence, medical care, hygiene, laundry, recreation, programs, rules of conduct, disciplinary procedures and grievance procedures. A staff member or translator shall assist the inmate in understanding the inmate rules if there is a literacy or language problem. The jail shall maintain signed acknowledgements from each inmate acknowledging that the rules were received by and/or explained to them.

Comments: At the time of inspection, Jail Administration provided supporting documentation that did not evidence compliance for this standard.

5120:1-8-05 (D) (Important) Regular maintenance and repairs shall occur.

Comments: At the time of inspection, it was observed that many of the inmate living areas had ventilation grills covered up by toilet paper and/or towels which would reduce the proper airflow in these living areas. It was also observed that several of the living areas had toothpaste and/or paper covering the light fixtures in the cells which also reduced the light levels in the living areas. These areas should be kept free of the debris covering these areas in order to properly function.

5120:1-8-05 (H) The jail shall maintain documentation that the following standards are met with regard to bedding, linens and clothing: (1) (Important) Bedding and mattresses shall be in good repair and cleaned prior to being reissued;

Comments: At the time of inspection, Jail Administration did not upload documentation in order to evidence compliance for this standard.

5120:1-8-05 (H) The jail shall maintain documentation that the following standards are met with regard to bedding, linens and clothing: (5) (Important) Mattresses shall be cleaned monthly;

Comments: At the time of inspection, Jail Administration did not upload documentation in order to evidence compliance for this standard.

The Tuscarawas County Jail is in compliance with 100% of the Essential Standards and at least 90% of the Important Standards meeting the requirements of a "Compliant Jail". It should be noted however; the jail did not comply with 4 of the Important Standards upon which the facility was inspected. This letter is intended to serve as a basis for developing plans of action for bringing the facility back into compliance with the remaining deficiencies noted during the inspection.

The Bureau of Adult Detention encourages the jail to correct the remaining deficiencies noted in the inspection report prior to the next annual jail inspection. Plan of Action forms are enclosed and can be submitted through the Ohio Jail Management System (OHJMS) at www.OHJMS.Intelligrants.com. Feel free to contact the Bureau if you need assistance or clarification in this effort. The Bureau remains available to discuss the aspects of this report and to provide reference materials or assistance as desired.

Sincerely,
